How has participating in high school athletics benefited you?

Participating in high school athletics has benefitted me because it has introduced me to new friendships, dealing with adversity, working hard for achievement, and having a way to go to college for free.

What made you decide to play the sport for which you were named the Penn Station Athlete of the Month?

I love to play football and baseball because being out there on the field, surrounded by brothers, having fun and winning ball games gives me a feeling that nothing else could provide.
