How has participating in high school athletics benefited you? High school athletics have benefited me on and off the court. On the court by interacting with coaches and players. And off the court by using those bonds to succeed in the classroom and use on another for help on and off the court. Without the friends I made in high school athletics I wouldn't have been able to overcome as many obstacles as I have.

What made you decide to play the sport for which you were named the Penn Station Athlete of the Month? N/A
