Plans After High School: I will be attending the University of Arkansas in the Pre-Med program. I will be trying out for the cheerleading team. I will also continue my charity program throughout college.

How has participating in high school athletics benefited you? I have developed better teamwork and leadership skills. I have become more disciplined and goal oriented.

What made you decide to play the sport for which you were named the Penn Station Athlete of the Month? After fracturing my back in gymnastics and being forced to quit after 10 years, I turned to cheerleading and track to keep physically active. I plan to continue in college.
